

**Arena Investors, LP** is pleased to announce the expansion of Leyster Capital, a specialty lending platform that provides global, tailored liquidity solutions to high net worth owners of substantial illiquid assets.

### What is Leyster Capital?

Leyster Capital provides timely and secure debt and asset purchase financing designed to meet the global liquidity needs of high net worth individuals. Our financing solutions are backed by a wide range of assets, including: fine art, cars and other collectibles; real estate, and financial assets.

Led by Eileen M. Burke, a veteran leader in esoteric asset finance, the Leyster team offers borrowers decades of private lending experience and meets their financing needs with creativity and discretion.

### What Makes Leyster Capital Different?

Leyster can assess a wide range of illiquid assets to help borrowers efficiently satisfy their liquidity needs. Our loans are recourse only to the assets themselves. This allows borrowers to preserve their balance sheets and other existing liquidity options, while providing flexibility for overall wealth management strategies.

Leyster works with individuals, advisors, estates, attorneys, cultural organizations, and commercial enterprises. Our solutions typically range in size from \$5 and \$75 million with 1 to 3 year, extendable terms.

Collectibles	Real Estate	Financial Assets
Fine Art, Automobiles, and Yachts	Luxury Residential and Commercial Properties	Closely Held Interests in Private Companies
Substantial Holdings of Most Collectible Types	Land, Vineyards, and/or Tax Credits	LP Interest in Private Equity Funds
Up to 50% LTV	Up to 80-90% LTV	Up to 50% LTV

### Get in Touch

We are excited to work with brokers and owners to offer our wide range of solutions to potential borrowers. Please contact our team to discuss your financing needs.
